## ATTACHMENT ORDER

This publication attached here by court order.

For non settlement of damages to our title by colonial nationalism.

The matter between Judge S Fortenine and the colonial Republic of South Africa including the Prince Edward Islands (RSA) and it's colonial neighbours world wide.

**The Court finds and rules:**

1. That the Exclusive Economic Zones enforced by national officers are unlawful.
2. That citizens, residents and other living souls, within national colonial Exclusive Economic Zones, have no real freedom of movement or trade.
3. That through national identity contracts, within forced monopolistic colonial territories, national industry commit criminal acts of involuntary servitude.
4. That by illegally grouping the electorate, the RSA and its neighbouring colonial states unjustly enrich themselves using colonial slave trade and national slave labour.
5. That colonial national borders and national identification are illegal restrictions on freedom of movement and association. Restriction that make men and women dependent on colony governors for life.
6. That you are free to copy and paste this attachment order. To put it over any national corporate title advertised in public, until such time as your movement and associations are unrestricted in any public space! To limit the public appearance of any entity that unjustly limits your appearance in public spaces!

By order Judge S Fortenine
